DERMATOLOGY GRAND ROUNDS
Ectodermal Dysplasias: Diagnosis & Treatment

Join Us for Scientific Sessions and Patient Viewings:
- Overview of Ectodermal Dysplasias
- Patient Viewing - 5 Types of Ectodermal Dysplasias
- Expert Discussion of Cases
- Dermatological Manifestations of Ectodermal Dysplasias
- Genetics of Ectodermal Dysplasias: An Update
- Hand Malformations: Types and Treatments

Thursday, July 20, 2017
8 a.m. - 12:15 p.m.

Inova Center for Personalized Health
3225 Gallows Rd.
Fairfax, VA 22031
AGENDA

8-8:30 a.m.
Overview of Ectodermal Dysplasias
Timothy J. Fete, MPH, MD

8:30 - 9:15 a.m.
Patient Viewing
Examine 5 patients (in separate exam rooms). Patients have been selected to represent different forms of ectodermal dysplasia, such as ankyloblepharon-ectodermal defects-clefting (AEC) syndrome, ectrodactyly-ectodermal dysplasia-clefting (EEC) syndrome, focal dermal hypoplasia (Goltz) syndrome, hypohidrotic ectodermal dysplasia (HED) and incontinentia pigmenti (IP).

9:15 – 10:30 a.m.
Discussion of Cases and the Dermatological Manifestations of Ectodermal Dysplasias
Scott Norton, MD, MPH
Yasmine Kirkorian, MD
Nessa Aghazadeh, MD
Cyndee DeKlotz, MD
Kaiane Habeshian, MD

10:30 – 10:50 a.m.
Break

10:50 – 11:25 a.m.
Genetics of Ectodermal Dysplasias
Pranoot Tanpaiboon, MD
Children’s National Medical Center
Washington D.C.

11:25 a.m. - Noon
Hand Malformations: Types & Treatments
Emily Hattwick, MD
Children’s National Medical Center
Washington D.C.

Noon – 12:15 p.m.
Concluding Remarks
Elaine Siegfried, MD
Saint Louis University School of Medicine

OBJECTIVES

- To recognize the common co-existing medical signs and symptoms associated with the ectodermal dysplasia syndromes
- To recognize the importance of early diagnosis and intervention with appropriate resources and service
- To understand the importance of genetic counseling and services
- To identify and understand the current research related to hypohidrotic ectodermal dysplasia and other syndromes
- To recognize the dermatological manifestations of ectodermal dysplasias and understand appropriate treatment options

REGISTRATION INFORMATION

Email info@nfed.org to register to attend.

CONTINUING EDUCATION CREDITS

AMA Level-1 CME credits offered through the Grand Rounds Program of the Dermatology Department at MedStar Washington Hospital Center.

PLANNING COMMITTEE

Mary Fete, MSN, RN, CCM
Executive Director, NFED

Scott Norton, MD, MPH
Chief of Dermatology at Children’s National Health System

Elaine Siegfried, MD
Saint Louis University School of Medicine

Robert Silverman, MD, FAAD
Pediatric Dermatology, Inova Children’s Hospital
